

Last week, we discovered the difference between sand and soil. We did many experiments concerning plants' needs. We celebrated Mother's Day and the 100th Day of school and had fun flying 100 balloons in the sky.

Encourage your children to eat vegetables and explain to them the importance of having such food in our diet.

A Peek at Next Week

Theme: Planting

Children will **plant** seeds and watch them grow.

Also, they will observe the parts of the flower.

Math:

- Number "4"
- Matching parts of the flower.
- Create a pattern using petals and roots.
